

Holland Mich.

August 14, 1903.

Dear mama + Papa :- I received your letter and the pretty flowers tonight and so thought I would answer it immediately.

If you will have to excuse my writing which is so poor, owing to the fact that I hurt my little finger and palm of my hand yesterday and it is very sore today but do not worry for it is only bruised.

I hope that you are having a good time and wish you would tell me more about the

scenery which is very beautiful
also please tell me the name
of the flower if you know it.

I am succeeding well
with my camera and hope
to show some nice pictures
when ~~you~~^{you} come home.

Today we picked a lot
more crab apples but they are
not done yet and so I cannot
let you know ^{how much there is} but I think there
is about 15 glasses of jelly also
about 6 glasses of black
berry jelly.

tell papa that I cannot
verify the report about the
Hen Hawk for I have counted

the little chickens and found none missing. None have died nameless is well and so is the cow and everything else.

As I cannot think of any thing else I will close.

Your affectionate son,
 Everett E. 20 on Kaala.

P. S. Mattie is gone to
 melting and Dickie to bed
 and Hattie and I are alone in
 the house, every night.
