Dear Sir,

I am in receipt of your favor under date of 23^d inst and replying will say that as the time for removal of the pine off my land does not expire before the latter part of June, I shall give you no definite answer as to whether or not I will extend the time, as it might be possible that I will go to Michigan & would then look over the land & see what progress you have made. I should think that the time I have allowed you for the removal of this timber is more than sufficient.

Very truly Yours

F. Conradt
