Mr. & Mrs. D. B. K. VanRaalte,
Holland, Mich.

Dear Friends:

Your respect of the 17th inst. received and pleased to note that you arrived home safely. It is a question in the writer's mind whether you wanted to lose him or he lost you at Los Angeles. If my memory serves me right it seems to me that you wanted to lose us much to our regret for I can assure you we missed you every minute after you left us. Had you been with us to our trip to Mt. Lowe, I have no doubt that the lady who can hear the whippowil when dogs are barking would have picked up courage and gotten up the hill. We look back with a great deal of pleasure while we ~~was~~ ^{were} in your company there seemed to be something missing after you had left us.

Rattle

On our way home we staid a few days at Portland and ~~Los Angeles~~. We got home to Muskegon on the 8th of September. Our trip otherwise was a very pleasant one with the exception of the trip over Lake Michigan when Mrs. K. got sea-sick in the last round or our journey.

Hoping to be able to compare notes in the future and wishing you everything that is good in this world, we have the honor to be,

Very respectfully yours,

Dic. L.K.

Mr. Mrs. Louis Kanitz
