Dear mama & papa - The week has gone by very rapidly so rapidly in fact that I do not know what has become of them. We went to Hattie's home yesterday and had a glorious time.

Hattie's sister Jennie is staying here and will stay until Sunday. Nameless is well so is the cow but she is naughty the cow is bent on breaking fences today she got over and while Dickie was looking for her in the corn

I he went way uptown
and spent about 10 minutes
sampling the flowers in
the park yard then walked
on river street and en-
countered the street car
but although the car
was new she was not
afraid but offered to
give battle. Dickie
then caught and brought
her home. You must
excuse my writing as I
have a game hand as it
is called. The other
evening as we were out
driving I was seized with
a violent tooth ache, and

went to Ben Devries but
 he was not in as it was 7.30
 so I went to the other Devrie
 and got it extra cold

Wednesday a young
 couple were drowned near
 the Grand Haven bridge

It has been very windy
 to day I hope you are well
 Albertus,

P. S. I thought I would send
 an old letter which I thought
 I had mailed with this.
