My Dear Van Raalte:

I enclose you herewith ^{signed} petition by some of the past commander but not all. It was sent in to me without any communication and I do know where it came from, but evidently they quit sending it around when they learned of the appointment had been made.

I thought you might want to keep this paper among the archives of your valuables.

Trusting we will see you Wednesday in Grand Rapids in your usual good health, I am,

Yours very respectfully,

Dic. LK
