HOLLAND, MICH., June 9/10 19.....

Mrs. D. B. K. Van Raalte,

City.

Dear Madam:-

You will remember that we explained to you that at our meeting in February we agreed to divide up all of our outside property. You will also remember that the contracts and mortgages were exchanged for lumber at C. L. King & Co. This lumber is beginning to turn into money and we will pay five percent dividends from time to time. We hope the next five percent dividend will soon be declared. As soon as it is we will send you a check for your amount.

We also have divided up our houses that we had except two. Mr. Lugers and Mr. Kooiker taking the three houses near the freight depot, and Mr. Scott, the writer, taking the house on the corner of Central Ave. and 19th. street.
